About This Game

Navalny: Posledniy miting - a game in which you can organize your own rally! Choose your party, city, theme of the meeting, specify the beginning of the meeting, hire security, make video messages, come up with slogans and of course you will be able to coordinate your meeting with the government.

But do not think that everything is so simple. As soon as the government finds out about your event, it will immediately send to you to meet a few units of "OMON", then the fun begins! Using combat mechanics you have to break through the crowds of armed riot police. Perform combo attacks, defend at the right time. We wish You good luck!

Game developers are advised not to hold unauthorized rallies!

game Features:

- ▶ Cool combat system
- ▶ Big open world
- ▶ Many top memas
- ▶ Meeting designer
